Dear Sir or Madam,

Our association REACTION 19, an association under French law, which today has more than 60,000 members and more than 80,000 supporters, aims to ensure respect for fundamental freedoms, especially in the context of the COVID-19 “pandemic”.

On January 27, 2021, our association filed a complaint before the Public Prosecutor of Paris concerning the REMDESIVIR scandal as a treatment in the context of the COVID-19 “pandemic”.

This lawsuit was brought against the firm GILEAD SCIENCES, producer of the REMDISIVIR, whose registered office is located at 333 Lakeside Drive Foster City, CA 94404 United States.
