

EUROPEAN PASS COVID CERTIFICATE

Reminder of the rules that establish the contravention of the "vaccine pass" to the European rules in force.

The Regulation (EU) 2021/953 of the European parliament and of the Council of 14 June 2021, commands :

“(36) It is necessary to prevent direct or indirect discrimination against persons who are not vaccinated, for example because of medical reasons, because they are not part of the target group for which the COVID-19 vaccine is currently administered or allowed, such as children, or because they have not yet had the opportunity or chose not to be vaccinated. Therefore, possession of a vaccination certificate, or the possession of a vaccination certificate indicating a COVID-19 vaccine, should not be a pre-condition for the exercise of the right to free movement or for the use of cross-border passenger transport services such as airlines, trains, coaches or ferries or any other means of transport. In addition, this Regulation cannot be interpreted as establishing a right or obligation to be vaccinated.”

Therefore, any discrimination based on the "vaccination" or "non-vaccination" of persons is illegal and contrary to the Regulation.

Thus, all persons, and in particular police officers and civil servants who must apply the law, must apply the European regulation, and any actions contrary to the latter are illegal and justify criminal prosecution.

EUROPEAN PASS CERTIFICATE

N.B.: The QR code of this certificate cannot be read with the governmental application, but with the camera of a smartphone.

SELF-TEST, CERTIFIED SELF-TEST OR RT-PCR TEST TAKEN IN PHARMACIES OR LABORATORIES.

Surname(s) and forename(s)

Date of birth ___ / ___ / ___
